Dear Rosaire,

I would like to thank you and your Multi-Son team for, once again, providing superior sound and lighting for our Festivals of Montreal event that took place at the Windsor Station. It was amazing how the lighting transformed the dull colours of the station into a vibrant and festive atmosphere!

Not only was your team knowledgeable but also courteous, quick and flexible enough to respond to the ever changing needs of my client. With their help, we were able to put together an evening that will not soon be forgotten.

Many thanks and I look forward to working with you again!

All the best,

Jennifer Ankcorn

Dear Rosaire

Another year has passed and I do want to thank you and your team for the quality of service and equipment we have received from you for our events.

As we are all aware, sound and lighting are an extremely important part of planning and can actually “make” or “break” an event. In every instance, you and your qualified staff provided us with exactly what we were looking for. In addition, your on-site flexibility made our job so much easier.

Please convey our appreciation to everyone concerned. We look forward to working with you again this year.

Sincerely,

Joan Macklin
